Wests and Toppers Clash Tomorrow in McGavin Cup Final

Young Cafemen Out to Topple League Champions—Greenshirts at Top of Form

A popular and natural final, Victoria Wests and Toppers will battle it out at Royal Athletic Park tomorrow for possession of the McGavin Cup with one of the season's largest crowds expected to be on hand. Game time will be 2:30 p.m. and all proceeds go to the Injured Players Fund of the Victoria and District Football League.

Easily the most popular eleven in the league, Toppers will have their hands full with the league champions but are given a good chance in many circles to score their first win over the Greenshirts. Young and speedy, the Cafemen will play the Wests at their own game and action should be the keynote of the interesting clash.

Playing their first season in senior company, Toppers have showed steady improvement under the tutelage of Joe Watt and possess a team spirit rivalling that of their opponents. A great 2-1 victory over Nanaimo moved them into the final and they are all set to start their silver collection with the McGavin Cup.

That the task of the Toppers will be no easy one is shown by the form displayed in recent games by the Wests. At the peak of their playing strength, the Greenshirts looked good in drubbing V.M.D. in the semi-finals and in losing by the odd goal in five to Vancouver St. Andrews in their last two starts.

Several line-up changes have proved beneficial to the league champions. Allan Reside plugged a gap with his steady play on the back line after being moved back from left wing while Charlie Restell is doing a capable job at centre half. Murray Speller has added punch to the forward line and Noel Morgan seemingly has regained all of his form on the left wing. Gordie Cooper is playing a bustling game at centre forward and scoring consistently to round out the best attacking unit the Wests have had all season.

Line-ups follow:

Wests—Travis; Reside and R. Bell; McMillan, Restell and C. Robbins; Barnswell, Speller, Cooper, Hayward and Morgan. Spares—Musgrave, A. Travis and Hutchinson.

Toppers—Muir; T. Druce and K. Druce; Webster, Creed and R. Donaghy; Shubrook, Jenkins, Young, R. Speller and Sage. Spares—Popham, Searle, Baldwin, F. Donaghy, Stone and Nicholas.

All-Stars to Play Touring Colored Five

Kansas City Stars, second of Abe Saperstein's colored basketball fives to appear this season, will be seen in action at the High School gymnasium tomorrow evening against a Victoria All-Star quintette, who will replace the traveling Dominoes as local representatives.

Rated on a par with this season's edition of the more famed Globetrotters, the Stars will present some outstanding players and will feature the appearance of Jesse Owens, former Olympic sprint champion.

Players listed on their line-up include: Al Price, brother of Globetrotters' Bernie and a former Harlemite himself; Vertes Zeigler, formerly with Detroit Brewsters; John Scott, outstanding Illinois star; Sam Wheeler, former St. Louis Argus star and team's leading scorer; Greene Farmer, All-America colored ace and baseball star with the Cincinnati Clowns, and Collins Jones, outstanding outfielder with Birmingham Black Barons and a promising cager.

Opposing the colored aggregation will be an All-Star club drawn from the various teams in the Victoria and District Basketball League that should be capable of putting up a stiff battle.

Joe Travis and Roy McKay, Black and Whites; Vic Dale, Leon Hall and Sonny Walker, Canadian Legion; Bob McKay and Ralph Anderson, K.V.'s; Ralph Baker, Northwestern Creamery; Vince Clarkson, Alcos, and Duncan Lee, Chinese Students, comprise the line-up chosen by league officials. Frank Elliott and Harold Turner, coaches of the Legion and K.V.'s, respectively, will handle the local squad.

Eagles and St. Louis College will open their three-game intermediate "B" final in the preliminary at 7:30 p.m., with the tip-off for the feature contest set for 8:45 p.m.

Issue Permit to Build Grandstand At Athletic Park

Tenders will soon be called for construction of an $8,000 grandstand to seat 3,400 in Royal Athletic Park, it was learned yesterday.

A permit for the building was issued at the City Hall to the Victoria Baseball & Athletic Company, Ltd. Plans call for an open-type grandstand of wooden construction on a concrete footing.

Half the cost will be shared by the city, but construction is being undertaken by the Athletic Company. Plans have already been prepared.

A second permit was issued yesterday to J. Reid for construction of a $9,800 furniture store at 1039 Fort Street. Paine & Townsend are named as the contractors.

Mosienko Gains In Scoring Race

Bill Mosienko of Chicago Black Hawks, back in service after a prolonged absence due to an injury, collected a goal and an assist last night when Boston Bruins defeated Chicago 4-3, and climbed into second place among the National Hockey League leading scorers. Mosienko now has 13 goals and 21 assists for 35 points, 15 behind his teammate, Max Bentley, who has 28 goals and 21 assists. Max added one goal from his previous total.

Toppers to Meet North Shore Here Saturday, Feb. 16

Charlie Rodway, secretary of the Victoria and District Football League, last night announced receipt of a telegram confirming the appearance here of the North Shore United eleven on Saturday, February 16.

Third Mainland senior club to make an appearance here this season, North Shore will be pitted against the Toppers, who will be making their first start in inter-city competition. Two more Vancouver clubs have been booked for future dates and are tentatively slated to play the Nanaimo and V.M.D. elevens.

Willows Sale Could Cancel Racing Meet

Whether Victoria has any racing meet this year will depend on how soon a deal is concluded for sale of the Willows, Mayor Percy E. George stated yesterday.

Mayor George said Sam W. Randall, president of the Colwood Racing Association, and W. H. Mearns, secretary of the B.C. Agricultural Association, had visited him yesterday to ask whether definite plans could be made for a meet this Fall.

Mayor George said he had told the callers no assurance one way or another could be given at the present time.

Bids for the Willows will be received by the city on March 2, he pointed out. If a satisfactory bid is received it will then be submitted to the ratepayers for approval, probably around the end of March or in the middle of April.

If the sale was approved by the people, the Colwood Racing Association would have to be given three months' notice, he said. The association should be given an opportunity to match any bid the city accepted.

Members of the association have previously indicated, however, that there was little chance of their purchasing the property.

Asked if he thought racing would be held in Victoria this year, Mr. Randall said "Your guess is as good as mine."

Winnipeg May Join Big Four

REGINA, Jan. 31 (CP).—The Western Canada Football Union would not favor any move by Winnipeg Blue Bombers to join Eastern Canada's Big Four League, but it is their privilege to do whatever they choose, N. J. (Piffles) Taylor, president of the union, said tonight.

Commenting on a Winnipeg report Bombers might seek entry to the Big Four if other Prairie clubs couldn't give assurances of fielding strong teams this year, Taylor added he didn't think Bombers would be wanted in the Eastern League because of the amount of traveling involved.

From other sources it was learned Regina Roughriders, operating on a co-operative basis for the last two years, will have a reorganization shortly. One spokesman said Roughriders' chances of fielding a strong team this year were probably better than for some time.

Chicago's Famed Line Setting Fast Scoring Pace

MAX BENTLEY — BILL MOSIENKO — DOUG BENTLEY

Despite injuries which have sidelined Mosienko and Doug Bentley for long periods, the famous Bentley Brothers-Mosienko line is setting a scoring pace which threatens to break all N.H.L. records. In 33 games to date, the combination have accounted for a total of 56 goals and 60 assists for a point total of 116, enough to give the trio the three top berths in the latest averages. Centreman Bentley is far out in front of the individual race with 49 points and also leads in goals scored with 28. Mosienko is in second spot with 34 points, one more than Doug Bentley.

Servo Established Favorite In Welterweight Title Bout

Champion Freddy Cochrane 13-5 Underdog—Advance Ticket Sale Points to Sellout

NEW YORK, Jan. 31 (AP).—Defrosting of wartime-iced boxing championships gets under way in Madison Square Garden tomorrow night when Freddie (The Red) Cochrane puts his world welterweight title on the line against rough, tough baby-faced Marty Servo over the 15-round route.

The first honest-to-gosh world championship clouting in just about four years has the fans pouring the money into Promoter Mike Jacobs' cash registers. With an advance sale hitting the $50,000 mark, 15,000 customers may show up for a gate of $80,000 or more.

Oddly enough, although Cochrane has been out of the navy a year and has had nine fights in that time, and baby-faced Marty has been to the post only twice since leaving the Coast Guard a couple of months ago, the charitable betting gentlemen can't see Freddie with field glasses. Along the 49th Street betting mart they're laying 13 to 5 that the champion is bounced off the throne in his first defence since he took the 147-pound title from frivolous Fritzie Zivic in July, 1941.

The price is so lopsided that Freddie and his manager, Willie (The Beard) Gilzenberg, have put up $2,500 against $6,500 that Cochrane still will be doing business at the same old championship stand when the fighting ends tomorrow.

Proposes Building Sports Auditorium

Robert Noel Asks for Site and Tax Concessions—Promises Early Start

First concrete offer to erect a sports auditorium in Victoria came yesterday when Robert Noel, Victoria advertising man, announced he had written to the City Council stating his willingness to commence work on such a project in the near future on the proviso that the city supply the building site and that the property be free of taxes for ten years.

Proposed building would be approximately 250 feet by 150 feet, stucco finish, and would comply with all city building and fire laws, with a planned seating capacity of well over 2,000. Noel also announced his readiness to commence work on the project at once should his offer be accepted and stated he would have the building in operation before the end of the year if an early start could be made.

In announcing his decision to make the offer, Noel pointed out the great need of an auditorium in the city and listed basketball, box lacrosse, boxing, wrestling, dog shows, theatrical performances, horticultural shows, dances and conventions among the many uses for such a building.

Conacher Blasts Ruling on Pratt

TORONTO, Jan. 31 (CP).—Lionel Conacher, the one-time "big train" of Canadian sportdom whose varied activities included professional hockey, jumped on the side of hockey players generally today and said in an interview that "they should have an organization that would protect them against being crucified."

The former chairman of the Ontario Athletic Commission and former star with the now-defunct Montreal Maroons of the National Hockey League, said in general comment on the expulsion by the N.H.L. of Toronto Maple Leafs' Babe Pratt that "the time has come when a flock of antiquated laws on sport should be flung into the ash heap, along with a flock of antiquated lawmakers."

Noting that Pratt had been expelled for betting on hockey games, Conacher said that on these terms the old Maroon team of which he was a member "would have been tossed out of the league en bloc."

"To me there is no difference between Pratt betting on hockey and Joe Louis betting on himself against Billy Conn.

"It's about time hockey players quit being stupid. How long are they going to allow officials to push them around? . . . What recourse do they have against any official edict?"

Five-Pin Tourney Dates Announced

Victoria's annual five-pin bowling tournament was set for the weekends of March 3 and 10 at Gibson's Bowladrome, Yates Street, at a meeting of the tournament association last night. Entries will close at midnight, Wednesday, February 27, and all players are requested to send their entries in as early as possible. Entry forms may be procured from committee members or at the Bowladrome.

Winners of last year's events are asked to return the challenge trophies to the committee as soon as possible.

Cliff Nash was unanimously elected as president of the association, with Cy Wallis and "Slim" Dykes named as secretary and treasurer, respectively.

Murdoch Unable to Show on Fight Card

Officials of the Lower Island Inter-Services Sports Association regretfully announced last night that Vic Murdoch, popular Victoria fighter, would not be able to fulfil his engagement with Jackie Turner on the inter-services fight card tomorrow night due to the death of his father on Tuesday evening.

Just who will replace Murdoch had not been decided, but two Vancouver fighters have been approached and one of these will go against Turner in one half of the double main event.

C.B.C. Expanding Chairman Reports

A. Davidson Dunton, chairman of the Canadian Broadcasting Corporation's board of governors, who is on the Coast for conferences with regional officials and a survey of British Columbia radio tastes, said yesterday at the Empress Hotel that the C.B.C.'s plans for increased national coverage are going ahead after the interruption of the war.

There were no plans directly relating to Victoria, he said, as this area was already covered, but establishment of new stations where no coverage exists is contemplated.

C.B.C. will probably continue its program ratio of 80 per cent non-commercial to 20 per cent commercial, he said.

Because of the enormous expense of television, C.B.C. at present has no television plans, but is keeping a watch on television developments.

The corporation believes it has brought forth a great deal of talent, he said. Although higher money drew many artists south of the border, the standard here remained high.

Mr. Dunton, 33, became editor of The Montreal Standard at 26 and was the first newspaperman to head War Information Board. He was on the first four-engined bomber to be ferried across the Atlantic. His wife is the former Miss Kathleen Bingay, of Trail and Vancouver.

FOOTBALL MEETING

A meeting of the Canadian Rugby Football League will be held tonight at Room 201, Scollard Building. All team delegates and officials are requested to be on hand.

New Plan for "Out-of-Work" Allowances Effective Today

A marked speed-up in payments of "out-of-work" allowances to veterans is assured when the new system of payment through the local National Employment Service offices comes into effect today, it was stated in an announcement by the Department of Veterans' Affairs.

Commenting on the change Harold E. Molson, chief D.V.A. welfare officer for British Columbia, pointed out that there are 23 National Employment Service offices and sub-offices in the province, as against only two D.V.A. welfare offices, to handle disbursement of the allowance.

"We have informed N.E.S. that an estimated 3,100 applications will be turned over to them on February 1, consisting of 2,500 from the Vancouver office and 600 from Victoria," he said.

Although veterans may now receive weekly payments from the N.E.S., authority will still lie entirely with D.V.A. A veteran who registers with the Employment Service and finding none available may apply at N.E.S. offices for "out-of-work" allowances.

His application is referred to the Department of Veterans' Affairs the same day and passed by the district rehabilitation board. The approved application is then returned to N.E.S. and when the veteran reports the next week he is given a voucher for the week's allowance.

When a veteran makes his first application for jobless allowance he must wait nine days from the date of application before his payments become effective.

Rates, according to the announcement, will remain the same—$50 monthly for a single man, $70 for a married man, with an additional $12 for the first and second child, $10 for the third, $8 for the fourth and fifth.

Jews were barred from England from 1290 until the mid-17th Century.

Returning to Canada in 1942, he received his commission at Gordon Head and then was posted back overseas, where he was transferred from the 3rd to the 1st Division, arriving in Italy shortly after the invasion of Sicily.

He received his wounds during a bombing raid in August, 1944.

Eastern Issues May Bring War Speakers Claim

Independence for India, uprising and revolt in colonial Asia, millions of discontented and suppressed peoples, and the relation of these issues to a potential Third World War were questions outlined in addresses by three speakers at a public meeting last night in the Chamber of Commerce auditorium.

Formation of a world trade union movement was strongly advocated by Senator Thomas Rabbitt of Seattle, Wash. Guest speaker, he was sponsored by the Victoria East Indian Youth Association.

The speaker felt that present strikes in the United States would tend to unite labor unions of the country, and that this in itself would be a step in the direction of a world-wide labor movement.

"The sooner such a world organization is established, the better will be the chances of independence for India, China, Iran, and other countries," he said.

ASIATICS NO LONGER TO BE "KICKED AROUND"

"Throughout the Asiatic colonies there exists a strong surge of feeling toward independence," stated Darahan S. Sangha, who claimed "the days have passed when the people of Asia can be considered something to kick around."

Mr. Sangha claimed "only nine-tenths of one per cent of India's 400,000,000 people have the right to vote." Unless the colonial problems are solved, said the speaker," we are heading for another world war."

Austin Delany, ex-paratrooper of the Canadian Army said: "Canadian fighting men did not liberate the Dutch Government so that it might later send armed forces to suppress peoples of Indonesia who are seeking freedom."

Alex Mitchell, president of the Victoria Labor Council, was chairman.

Organs Help One Another

By Dr. J. B. WARREN

It is known that raw liver or liver extract will build up the blood, that juices from one organ of the body will help other organs. One example is that 30 grams of a powder made up from the lining wall of the stomach is equal to 250 grams of fresh liver in building up the blood. This shows how efficient Nature is in taking care of us.

British Textiles Go on Tour

By DENISE DALTROFF
Canadian Press Staff Writer

LONDON, Jan. 31 (CP).—British women, starved for color during the blackout days o the war, are apt to lack discrimination in choosing materials now, says the British Institute of Adult Education.

To offset this, and to make women more selective and critical of design and quality in materials both for dress and furnishings, the institute has organized an exhibition dealing with the design and production of British textiles, which will tour the country after its London premiere.

During the last six years production of such fabrics was drastically cut and there is a possibility that anything colorful will appeal to people, says the institute.

Manufacture of good cloth and bad cloth takes the same amount of time, the institute contends, and if consumers can discriminate between the two, then quality and design of materials produced will improve automatically.

The fabrics on show were specially chosen for their good quality and color, such as fine calicos manufactured in Manchester, in strong barbaric colors for export to West Africa; soft woolens, linens, silks and rayons, all for export only at present, and materials for furnishing, some lent by the Victoria and Albert Museum, which collected them for historical purposes as the fine examples of present-day designs.

Screens showed the main processes in the manufacture of the different fabrics and how designs are printed and engraved on them.

New fabrics produced from milk, coal, glass and beans were hinted at.

Material from glass is already being manufactured but at present is used mostly for the stage. The sample shown was in white with a self-colored pattern and in appearance was like a heavy silk. It is fireproof but cannot be washed except by gentle sponging.

Business Properties at Port Alberni in Demand

PORT ALBERNI, Jan. 31 — Frank Flitton of Alberni has sold his auto court on River Road to H. V. Barnes of Vancouver for a price approximately $15,000.

Mr. Flitton has taken an option on Sid Mearns' property at McCoy Lake, and when opportunity presents will develop a large store and service station.

Another important real estate deal affecting business property on Third Avenue here was concluded this week when Doug and Roger Mallory acquired the property of Mrs. Bey, who has operated a beauty shop since 1925. Mrs. Bey will retire. Roger Mallory will continue to conduct a beauty shop in the premises.

Douglas Farquhar, who has operated a variety store on Third Avenue since coming out of the Air Force, has sold his business to the Hudson's Bay Company. He plans to acquire other business frontage in the city for the purpose of building and re-entering business shortly.

Abe Flanagan who operates an auctioneering firm on Argyle Street, has completed arrangements for the purchase of property close to his present premises and intends building a single story structure with basement for his present business.

Purchase of the Alberni Grocery by Thomas Hall from its former owner, Bert Randall, has been completed. The store is at the intersection of Adelaide Street and Johnston Street, Alberni and was sold for a price of $10,000.

117 Companies Formed in B.C. During January

While falling short of the record established in December, new companies registered at the Legislative Buildings during the past month reached a total of 117, reflecting continued industrial and commercial postwar development in this province.

The total number of new incorporations in December, record month for British Columbia, was 132.

Incorporations during the past week, totaling 23, showed a slight falling-off in comparison with earlier figures in January.

Only two new Vancouver Island concerns were incorporated, these being Knapp Island, Ltd., Victoria, $25,000, and Don Peek & Co., Ltd., Cowichan Bay, $10,000.

The following Vancouver companies were registered: Eastern Agencies, Ltd., $10,000; Juan de Fuca Estates, Ltd., $10,000; Veterans' Patrol & Investigation Service, Ltd., $10,000; Hemenway's, Ltd., $10,000; Woodwork Industries, Ltd., $25,000; Northwest Tractor Co., Ltd., $100,000; C. J. Oliver, Ltd., 1,000 shares (n.p.v.); Inland Floor & Supply Co., Ltd., $30,000; B.C. Detective Agency, Ltd., $10,000; B.C. Court Dismisses Suit for Damages

At the conclusion of a two-day hearing in the Supreme Court, Mr. Justice A. D. Macfarlane yesterday dismissed a claim for damages against John M. Sturdy, Victoria chiropractor.

The plaintiff was Robin Carlyle Ledingham, who claimed unspecified damages, alleging negligent treatment.

P. J. Sinnott was counsel for the plaintiff, and Senator J. W. DeB. Farris and John S. Burton appeared for the defendant.

Wallace Is Established in His New Home

"WEE Andy" McGeorge bids farewell to Wallace, mascot of The Canadian Scottish, as the well-known St. Bernard enters his new home at Government House and enters the care of Beresford Davies, gardener. A new kennel, with wire-enclosed runway, was prepared for Wallace.

Ending his days of "active service," Wallace was delivered into the hands of His Honor Lieutenant Governor W. C. Woodward yesterday afternoon by Brig. F. N. Cabeldu, former commander of The Canadian Scottish, and Lt.-Col. Cyril Wightman, commander of the 1st Battalion.

Undaunted by the presence of General Crerar, Wallace slipped from his cord lead, strolled toward the door, and left Brigadier Cabeldu in the act of presenting a leash and no dog to the Lieutenant-Governor.

Wallace placidly turned back and settled for a snooze on the carpet as Brig. Cabeldu said—"I have much pleasure in presenting Private Wallace, and may he stay here for the rest of his days."

McGeorge, who has cared for Wallace since he returned from overseas, said farewell to his charge and allowed him to carry the bagpipes which had heralded his arrival.

McGeorge and Pipe-Major Archie McMillan accompanied by several senior officers of the Scottish, skirled their way into the hall at 4 p.m.

At the Lieutenant-Governor's request Brig. Cabeldu turned him over to Mr. Davies.

Is Interested in Flying Club Here

A. T. Colter, Pouce Coupe, has written the City Council asking information regarding airport services here and transportation to and from the airport.

He stated he is interested in starting a flying club, using modern light planes and employing former R.C.A.F. personnel.

Weatherman Says Only Rain Today

Weatherman at Gonzales Observatory had a change of heart yesterday, altering his first prediction of snow for today, to that of rain instead.

Gonzales, which gets its weather predictions in a round-about way from the Vancouver office, was told during the morning that it was possible that Victoria might get one of its rare falls of snow.

First findings apparently were based on the "weather-map," a compilation of air current movements sent in by observers to Vancouver experts.

At 2 p.m. the experts relented, however, and decided to send rain today instead.

Victorians, proud of their snow-free climate, are keeping their fingers crossed. There was a feeling of snow in the air last night.

Mining Industry Theme of Display

An interesting display of mining products produced in British Columbia, together with illustrations of various processes employed in the mining industry of the Province, is being shown in the window of the Douglas Street store of the B.C. Electric Railway Co., Ltd.

The display was arranged by Herbert Sabiston of the company's sales department, with the co-operation of the Provincial Government's Trade and Industry Department and the Department of Mines. Various interesting ore samples and equipment used in mining are featured. The display is the first in a series of nine which will be exhibited in the window in conjunction with the B.C. Electric's "Business Is Moving to British Columbia" campaign.

To Expel Japanese Canadians Not Fair Sandwell Declares

To expel Japanese who have been granted Canadian citizenship would be "entirely contrary to the United Nations Charter," Dr. B. K. Sandwell, editor of Toronto Saturday Night and rector of Queen's University, said in an interview here yesterday.

B. K. SANDWELL

Dr. Sandwell is among leaders of a movement fighting forcible repatriation of Japanese who agreed during the war that they would return to Japan. The case is now before the Supreme Court and a decision is expected about February 5, Dr. Sandwell said.

On the Pacific Coast to attend a meeting of the board of governors of the Canadian Broadcasting Company, of which he is one, Dr. Sandwell plans to spend a week in Victoria. He is accompanied by Mrs. Sandwell.

"There are quite a number of British Columbians who question the constitutional wisdom of throwing out the Japanese," Dr. Sandwell said. "If you can throw out one kind of citizen you can throw out any kind of citizen."

NOT ADVOCATING MORE ADMISSIONS

"I am not advocating the immigration of any more Japanese," he said. But once they had been admitted to citizenship, he observed, it was unfair to send them away.

"Many people have asked whether I would like my daughter—although I have no daughter—to marry a Japanese," Dr. Sandwell said with a smile. "The answer is that it would depend on the kind of Japanese. I would not want her to marry a coolie, any more than I would want her to marry a laborer in Canada."

Canada had a similar problem with resident Germans after the last war as it now has with the Japanese, Dr. Sandwell said, "but nobody tried to send the Germans home." The German Government called Germans for military duty regardless of whether or not they had taken Canadian citizenship.

Japanese could eventually be absorbed into the Canadian population, although it would take longer than absorption of European groups, he said. He also pointed out that British Columbia is in the Pacific area, where for several hundred years white races have held the idea of white supremacy. This supremacy was fading, he intimated. "It will be extremely difficult to maintain; we are going to have to make concessions," he said.

He expressed fervent hope for the success of the United Nations, which he called "the only workable channel toward a better organized world."

Assistant Chief Architect Retires

L. W. Hargreaves, assistant chief architect for the Provincial Government, retired from office yesterday after more than 25 years' service with the Department of Public Works.

Before Mr. Hargreaves left the Legislative Buildings yesterday afternoon his departmental colleagues assembled in the office of Hon. Herbert Anscomb, Minister of Public Works, where the minister made a presentation on behalf of the staff. Mrs. Hargreaves, who was present at the gathering, received a corsage bouquet.

Mr. Hargreaves, who served overseas in the 88th Battalion in the Great War, will live in retirement at his home at Gleneagwood.

Predicts Commission On Compensation Act

Prediction that a royal commission would be appointed to inquire into possible changes in the Workmen's Compensation Act before consideration of any amendments at the coming session of the Legislature, was made in Victoria on Wednesday by Harold E. Winch, leader of the C.C.F. Opposition.

Mr. Winch, on a round of visits to departmental offices in preparation for the opening of the session on February 21, said he considered it unlikely that the Government would be prepared to make any amendments to the act at this session.

Odd Requests for Special Numbers On Licence Plates Are Received

Numerologists, poker players, people with superstitions, people with bad memories and men who want to identify their lines of business beslege the Provincial Motor Vehicles Branch every year with requests for numbers of their own choice for their car licence plates.

This year is no exception. Auto licence plates and drivers' licences for 1946-47 will go on sale throughout the province today, but already hundreds of numbers have been requested and allotted by the good-natured licensing officials.

It has long been the policy of the branch, formerly a division of the Provincial Police, to give priority to the applicant who asks for the number he previously had, provided he applies for it by letter before January 31. Other numbers are allotted on request, if available and if requested before the new plates are offered over the counter.

Students of numerology are high amongst those wanting special numbers. This year one man has asked for any one of some 60 combinations of figures, all adding up to seven.

Many have asked for favorite poker hands, including one application for a deal of four aces.

A pickle firm representative gets his "57."

A representative of a fountain pen manufacturer wanted "51," but was too late.

And James Ferguson, of Victoria, who has had "13" for several years, will display the supposedly unlucky number again this year.

Numbers corresponding to those of telephone or street numbers are popular requests. One woman remarked that it was easy to remember her car number if it were the same as her house number.

"Certainly, madam," said the official. "What is your phone number?"

"Oh, I'm sorry!" exclaimed the woman in confusion. "Please give me the phone book and I'll look it up."

Altogether approximately 1,800 requests for numbers have been made by mail. From today on, applicants will have to take what is offered to them.

Total sales for the province are expected to exceed 130,000.

The new plates may legally be displayed immediately upon issue today.

School Trustees Will Meet Weir

EXECUTIVE of the British Columbia School Trustees' Association will meet Hon. Dr. G. M. Weir, Minister of Education, in Vancouver, Tuesday, to present resolutions passed at the trustees' convention last November, Alderman F. G. P.G.E. Report Almost Ready For Cabinet

Committee of experts which has been investigating natural resources in the north of British Columbia and extension of the Pacific Great Eastern Railway late on Wednesday concluded a further meeting—probably its last.

The committee reviewed its report on the investigations, and the report has now been sent East for the approval of two members of the seven-man committee who were not present at this week's discussions—S. W. Fairweather, C.N.R. vice-president in charge of research and development, and Russell Yuill, of the Department of Transport National Harbors Board.

If the report is endorsed by the two Eastern committee members, it will go before the Provincial Cabinet. It is expected that the report will be ready for perusal by Premier John Hart on his return to Victoria about February 10 from the Dominion-Provincial conference in Ottawa.

Ex-Officer, Now Private, Honored

A veteran of two services who didn't know when he'd had enough was presented with the D.F.C. by His Honor Lieutenant-Governor W. C. Woodward at Government House yesterday.

After braving flak and fighters as an air gunner over Germany, "bailing out" twice and receiving two wounds, F.O. T. J. Martin, of West Vancouver, was repatriated and discharged in 1944. Seeking to get back into the war, he re-enlisted and became a sergeant air-gunner. They wouldn't let him go overseas.

Discharged again, he enlisted in the Canadian Army as a private. He wore a private's uniform as he received the D.F.C. earned in German skies.

Private Martin holds a distinction practically unknown among air gunners. He flew twice as captain of aircraft on operational flights, a post allocated almost always to pilots.

FOR A FEW CENTS A DAY WE WILL PAY YOUR BILLS FOR SICKNESS OR INJURY. THE IMPORTANT POINT to keep in mind is that when sickness or accident takes you off the job it takes you off the payroll as well. Just when you need money most—your regular income stops. But the rent's still coming in just the same. That's when it's nice to have the protection to see you through.

MODERN TODAY—MODERN IN 70 YEARS

Different enough to be distinctive best describes this seven-room modern home. FIRST: Let's talk location; no better in town. All fine homes, very nicely kept. It's only a step to the bus and schools. The lots on this street are wider, 104 feet; the houses are not set on top of each other, the grounds are very nicely landscaped, rockeries, pools, shrubs, bulbs and lawn, one of the nicest looking on the street. NOW ABOUT THE HOUSE: Money has been spent unsparingly on this property with the result that it is in perfect living condition. The interior is finished in excellent taste and all rooms are good-sized and nicely arranged. Living-room has artistic fireplace, oak floors and cathedral ceiling, light and cheerful on the dullest day, and a dining-room in which you will delight in entertaining. Very nice compact kitchen where cooking is an adventure's not drudgery (grand view), tiled sink and lots of cupboard space, plus snappy breakfast nook (wired for range and gas piped in). Good-sized den with artistic fireplace, maple floor. Large bedroom, maple floor, and four-piece bath. Closed stairway leading to two extra bedrooms. Basement, furnace with stoker, thermostat-controlled warm air heat, laundry room, storage space. Separate garage. We liked it; we believe you will. Quick possession, and terms. Sixth and Last Ferry Launched

Completed only so as to be rated as seaworthy, the sixth and last transport ferry built at Yarrows Ltd. was launched without ceremony yesterday at noon from the ways of No. 2 plant.

While still on the ways, the unfinished vessel was purchased by Island Tug & Barge Ltd. from War Assets Corporation. Soon after being waterborne, the hull was towed to a nearby jetty. There she will remain pending orders from her new owners. In time, she will be reconverted into a log-carrying barge.

Capt. Harold R. Robinson, manager of the towing firm here, said yesterday contracts had not yet been let for the conversion work. The ship was made seaworthy and launched to make room on the ways of the shipyard.

As the shallow-draught ship slid into the cold waters, workmen in a nearby moulding loft were busy discarding templates which had been used in the construction of all six transport ferries.

Four other ships of the same type have been purchased by the towing company, and one is nearing completion as a log barge. It is expected the ship will be in operation toward the middle of February.

The fifth transport ferry built at Yarrows Ltd. reached Plymouth, England, a short time ago. She had battled her way through two gale-lashed storms—one on the Pacific, another on the Atlantic.

To Spread Street Lighting Costs

Heavy expenditures needed for long overdue improvements to Victoria's street lighting system will be spread over a period of five years, Alderman F. G. Mulliner, chairman of the street lighting committee, stated yesterday. By that time the committee hopes to have a completely modernized system, he added.

A night survey of city lighting is about half completed, Mr. Mulliner said, and in about ten days the committee hopes to have estimates for the work to be done this year.

Most difficult problem facing the committee is the preservation of Victoria's beautiful trees and at the same time obtaining efficient use of lighting installations. This may be solved by trimming the trees and using light standards with longer arms, Mr. Mulliner indicated.

The survey had shown, he said, that where 15-foot arms were used the light was carried well past most trees and other obstructions. Where the old-style ten-foot arms were used light was restricted to a small circle beneath the fixture.

There were a great many sections of the city where improved lighting was an immediate necessity, Mr. Mulliner said. In planning improvements the committee would try to follow the policy of improving the worst areas first.

Successful Year At Christ Church

F. B. Griffin was appointed rector's warden and Leslie A. Benson was re-elected people's warden at the annual meeting of Christ Church Cathedral, Tuesday night, in the Memorial Hall. Very Rev. S. H. Elliott, D.D., presided.

The report of the wardens, including the financial statement, was presented, and a considerable increase over previous year's offerings was shown.

The dean referred to the present year as one of challenge, the Anglican Advance Appeal and the growing needs of the parish being undertakings requiring the full support and co-operation of all members.

The following were elected to the church committee and will also serve as the missionary committee: G. G. Fraser, G. T. French, F. V. Longstaff, W. S. Miles, W. Ord, H. L. Roberts, H. H. Smith, H. Thomas, C. B. Winter and William Allen.

Delegates to the synod are L. A. Benson, F. B. Griffin, J. H. Hinton, G. C. Fraser, G. T. French and H. H. Smith, with H. L. Roberts, H. Thomas, W. Ord and M. Parfitt as alternates. Major F. V. Longstaff will be vestry clerk, and Mrs. Caldwell and William Allen delegates to the ruridecanal conference.

Rev. F. L. Sandercock reported on progress made by St. Matthias' Church.

Tribute was paid to the work done by the Cathedral Sewing Circle, a wartime organization now dissolved, and by Rev. W. E. Askew, recently moved to Calgary, and Rev. T. L. Leadbeater. The latter recently introduced visual education through the medium of films to the two Sunday schools.

Thomas Jenkins, newly-appointed organist and choirmaster, was welcomed to the parish and thanks were accorded to A. S. Miller for his servicees as deputy organist.
